**Environment, Recreation & Animal Welfare**

**Year Founded:** 1978

**Mission:** Our mission is to assist the community by providing a means to place unwanted healthy, adoptable pets in good family environments and to make the public aware of animal issues such as care, welfare, and the hazards of overpopulation. We pledge to elevate the status of animals in society by changing the way people acquire them and how they commit to those pets who become a part of their family; to relieve the plight of homeless pets; to reduce the overpopulation of cats and dogs; and to provide medical care and/or socialization to all animals in our care.

**Summary of work:** Adopt-A-Pet finds loving families for homeless dogs and cats and assists people in the community with their personal animals.

**Project name and purpose:** The Medical Center Upgrade will allow us to at least double the number of animals treated with at least 500 more animals receiving subsidized medical care in the first year.

**Details of Proposed Project:** Adopt-A-Pet is seeking to expand its Medical Center from 600 sq. ft. to 1600 sq. ft. which will help people and animals in need in Genesee County with affordable, accessible spays, neuters, and medical care.

**Goals and Objectives:** The increased space will allow for two doctors to perform surgery instead of one, add recovery space for more animals, and provide a larger check-in space. There will be dedicated lab space and a lead-lined x-ray room.

**Implementation Timeline:** 7-12 months

**Target population:** Pet owners in financial need, rescue groups/shelters, and homeless animals

**Number served:** An additional 500 animals in the first year

**Budget:**

<b>Project Expense Description</b>	<b>Total Expense</b>	<b>Impact100 Genesee County Funds</b>	<b>Description</b>
<b>Demo, Foundation Repairs &amp; Permits</b>	\$23,500	\$23,500	
<b>Construction of Medical Center</b>	\$103,000	\$33,500	Framing, HVAC, Plumbing, Insulation, Windows, Electric, Drywall, Paint, Flooring
<b>Infrastructure &amp; Cages</b>	\$40,000	\$0	Oxygen lines, Lead walls (for X-ray room), Lighting, Cages, Cabinets, Shelving
<b>Garage</b>	\$22,000	\$0	Transform current garage to dog recovery space
<b>Parking</b>	\$69,000	\$0	Develop driveway and parking spaces for additional customers
<b>TOTAL</b>	\$257,500	\$57,000	

**If the project budget exceeds the grant amount, explain the additional sources of funding:**

- CONFIRMED: Donation: \$150,000
- CONFIRMED: Silent Auction: \$50,000

**How will the project be sustained after the funds are used?**

While significantly discounted, the medical procedures will be revenue generating which will pay for the additional doctor, supplies and facility upkeep.
